

*Game Capture HD*  
*(1080P Hardware Encode)*  
*Mode No.: GC603*

*Introduction*

GC603 Game Capture HD enables you to record your PlayStation3 or Xbox 360 and PC game play to USB HDD without PC.

It uses advanced hardware H.264 encoding to capture your gameplay in 1080p Full HD quality. At the same time, your console's picture is passed through to your TV via HDMI, so you can keep on enjoying your game on the big screen. And it's easy to share your record with friends, fans from facebook or YouTube.

*Feature*

- Uses H.264 encoding to capture your game play in HD
- Play and Record in Real-time
- Support hardware record button.
- Resolution select Button allow to choice record file resolution.
- MIC input allows you to record voice broadcast or Audio in.
- Standalone mode: Record directly save the file to a USB storage device, do not need to connect a PC.

- Record file format Support FAT32/NTFS
