

## **\*\* 500m Projection Handheld LED Spotlight \*\***

☆ 800 Lumen Super bright ☆ 500 meters long focused projection

**Super bright Rechargeable Focal Zoom LED**

**Tactile Flashlight\_FPC-T15**

**Best choice for Searching, Safari Wilderness, Coast guard, Border Patrol, Military, Police Strategic reserves, Fire / Rescue / Emergency, Vessel security, Industrial Oil and electrical pipeline inspections, Mine inspections and Hunting's best weapon!**

★ DM Real Photo: from FPC-T15 ★

★ World leader in proprietary technology, multi-layer precision optical lens

design, perfectly homogenous light beam ◦

### **Product Features:**

- World leader in proprietary technology, multi-layer precision optical lens design, ultra-bright perfectly homogenous light beam
- Exclusive precision-engineered design, continuous optical zoom: 3.2 X(times), unmatched
- Super powerful 800 lumens, longest projection distance of up to 500 meters (1640 feet)
- Long life, endurance power, a single charge in the strongest light can last

up to 5.5 hours

- **95% optical efficiency and more than 85% perfectly round projection to provide the fullest rounded bright light in long or close – distance.**
- **Exclusive “explosion-proof” 44hW lithium polymer battery (Li-polymer), can supply up to 5000 hours standby storage time**
- **Passed strict IP66 standard waterproof and dustproof tests, safe operation in any harsh environment**
- **Intelligent software control design. Aside from burst flash stages: (strong - medium – weak flash), it also has a low current warning signal.**
- **Patent design (“Enhance”) button, - immediately projects super bright light, not limited to environmental conditions when needing immediate change in light intensity. The user can instantly combine illumination signal to reach the long-distance optical signal communication**
- **Anodized harden full-body surface to meet U.S. MIL-STD-810F scratch scrape resistance.**
- **Tenacious strong strap for wilderness explorers or mountain climbers carrying convenience**
- **Aluminum box package provides excellent safe and secured transport or storage environment.**
- **Uses Germany's top high-brightness long-life LED inside.**

## Technical Specification

Color	Black			
Out put Electricity Power	10W/3.5W/2W Adjustable 15W Enhance			
Flux lumen	Low 175 Lm	Middle 350 Lm	High 500 Lm	Enhance 800 Lm
Run time	Low 23.5 h	Middle 10.0 h	High 5.5 h	Enhance 2.5h
Color temperature	6000-6700 K			
Diameter of lens	Φ 71mm (Max)			
Diameter of body	48mm			
Length	395mm			
Beam diameter	Φ 0.75- Φ 2.4 M (3.2 x zoom)			
Weight(without battery)	1110g			
Type of battery	3.7V 12AH			
Battery life	6 hours			
Input voltage	110V—240V			
Charging voltage	6.5V			

▲ Ultra-long projection distance, amazing lighting like full bright moon!

▲ Super powerful beams, unmatched brightness!
