

Aeromax AW1500

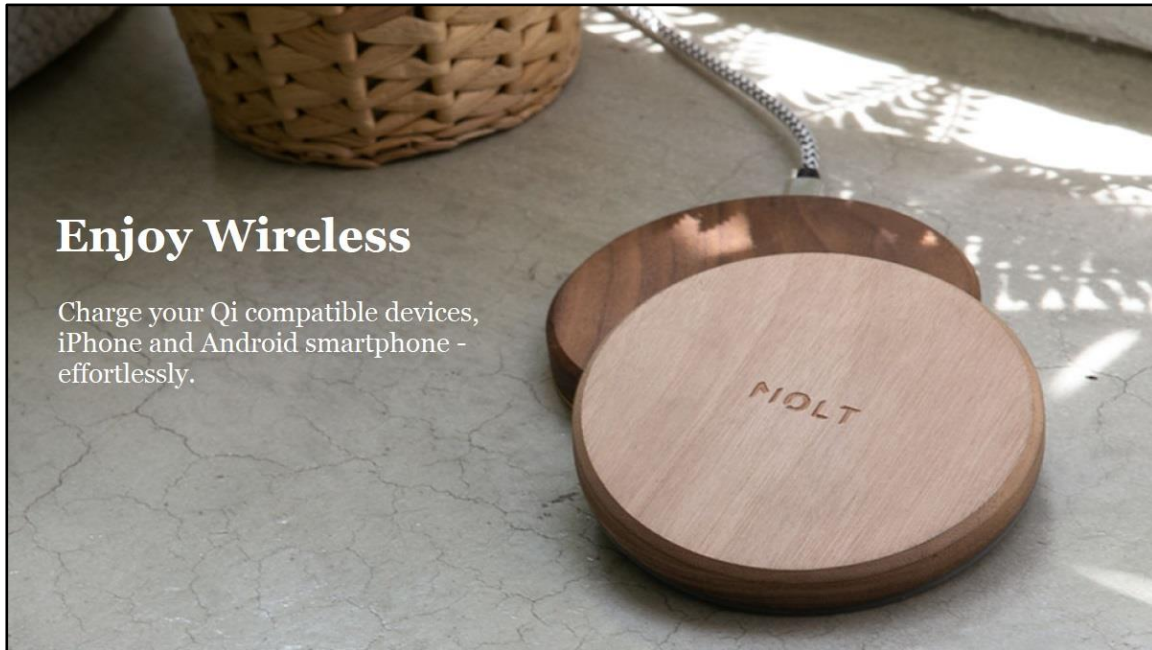

15W Walnut Casing Wireless Fast Charging Pad

1. Overview:

Aeromax AW1500_15W Walnut Casing Wireless Fast Charging Pad gives you a new and effortless way to charge your Qi compatible devices, iPhone and Android smart phone - wirelessly.

Simply set your iPhone/Android phone down on **Aeromax AW1500** and get fast wireless charging performance.

Aeromax AW1500 features a brass base with a highly polished handmade walnut casing and a soft silicone non-slip mat on the bottom.

Premium design brass construction and polished handmade walnut casing are as durable as they are good looking, with excellent quality and safety which made in Taiwan fits perfectly in any home or office.

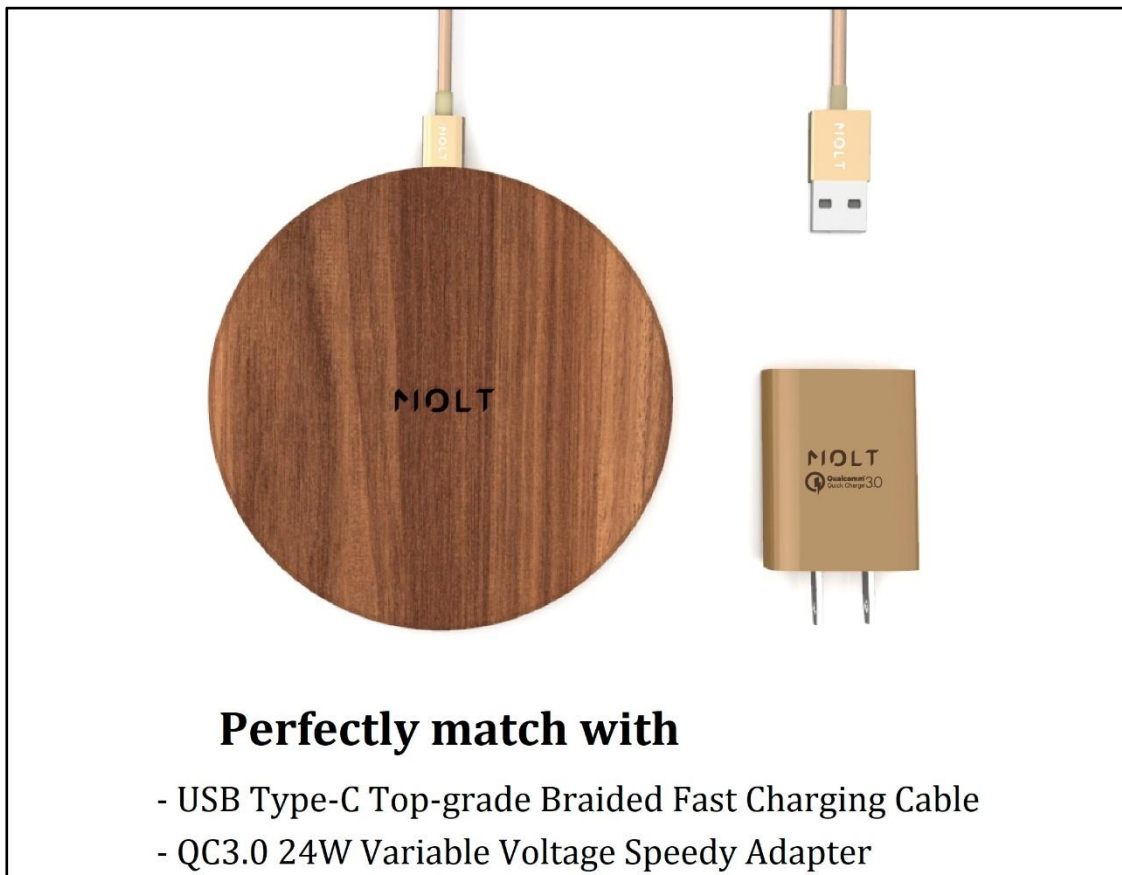

Original Design, High Quality

Polished Handmade Walnut Casing
& Premium Brass Construction

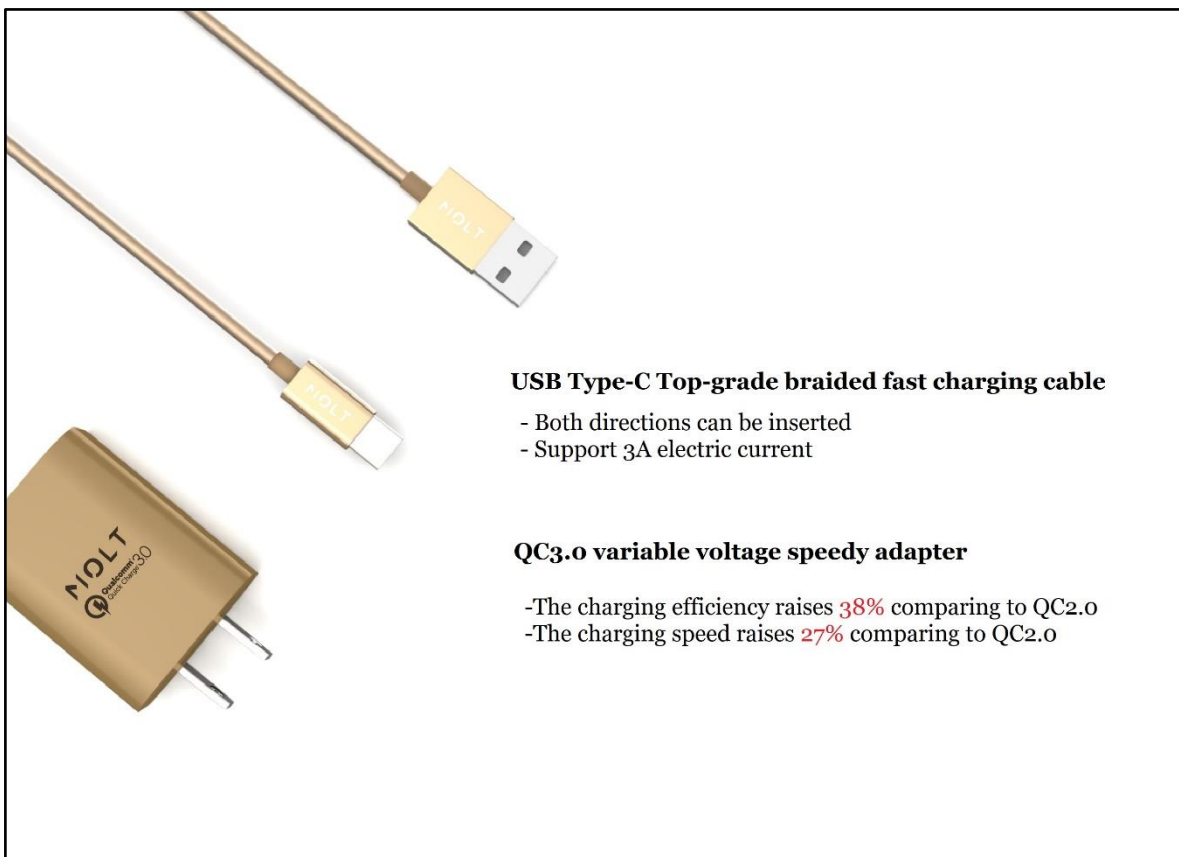

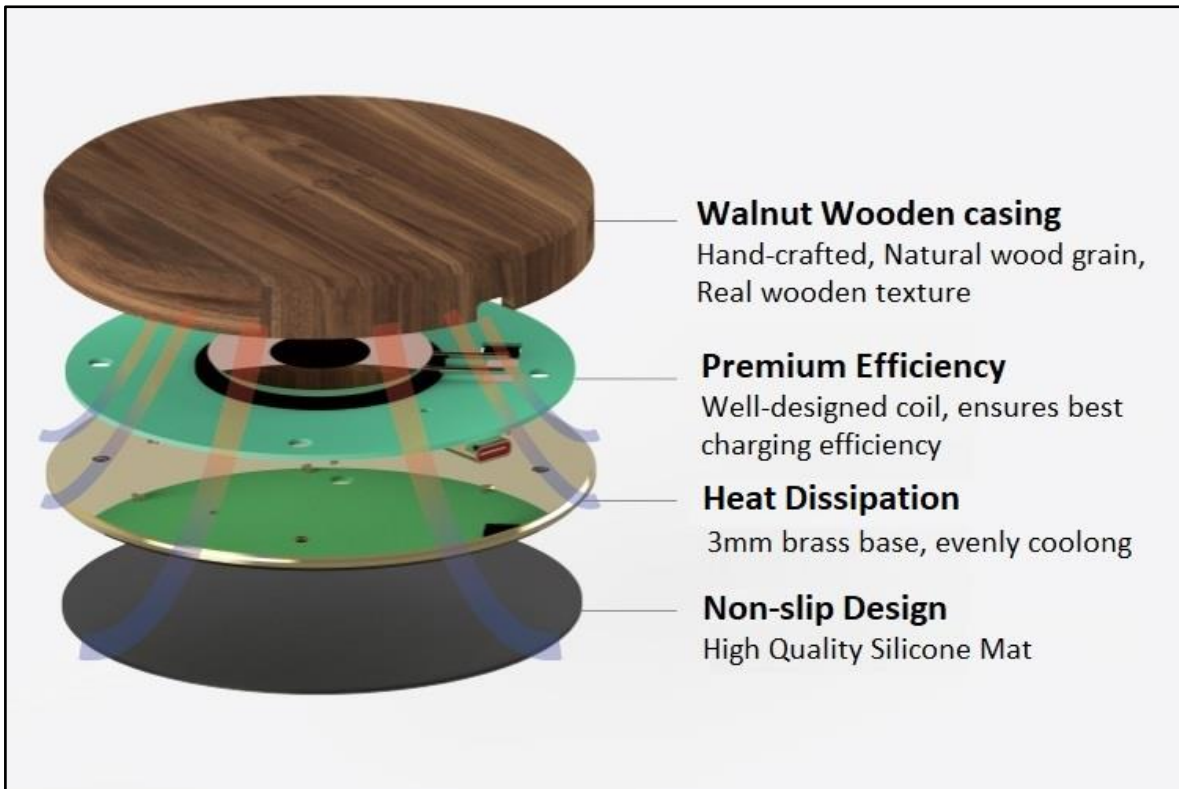

The non-slip mat ensures perfect placement and the included USB Type C cable, QC3.0 power adapter means you have everything you need to get fast charging right in the **Aeromax AW1500** box!

Perfectly match with

- USB Type-C Top-grade Braided Fast Charging Cable
- QC3.0 24W Variable Voltage Speedy Adapter

2. Highlight:

Type-C Connector

No longer distinguish between **positive** and **negative**
Both directions can be inserted

Best Performance

8mm Sensing Distance
Support charging when there is phone case

(Please don't use metal phone case)

3. Features:

WPC(Qi) Compliance	15W Wireless Power Consortium (WPC) Type Transmitter
	Conforms to WPC(Qi) specification version 1.2.3
Fully support Apple iPhone & Samsung smartphone	Optimized for Apple iPhone & Samsung smart phone
	Fully supports Apple iPhone fast charging (7.5W) & Samsung fast charging (10W)
High Charging Efficiency	High performance at signal demodulation
	Supports Wireless Fast Charging with top technology and accessories
QC3.0 Power Supply	Uses 5V or QC2.0 (5V2A, 9V2A, 12V2A) or QC3.0(5V3A, 9V2A, 12V2A) DC supply system by USB Input. Fast Charging needs a QC2.0 or QC3.0 DC adapter. It uses A11 signal coil type
	QC3.0 24W Variable Voltage Speedy Adapter is provided
USB Type C input	USB Type-C Top-grade Braided Fast Charging Cable is provided
Safety Protection	Automatically detects the object put-on and removal
	Over current protection
	Over voltage protection
	FOD (Foreign Metal Object Detection)
Handmade Walnut Casing	Own design tooling and mold, brass base with a highly polished handmade walnut casing
All Made in Taiwan	All made in Taiwan, Safety & Quality guarantee
Safety Regulations	NCC Certificate No.: CCAP18LP2840T1
	CE Certificate No.: WH-CE-E19062401
	FCC Certificate No.: WH-FCC-E19062401
	TELEC Certificate No.: WH-TELEC-19062401-C-2
GTIN	4711228720019

4. Product information:

Model Number	Aira AW1500
Wireless Charging Protocol	WPC Qi
Rated Voltage	5V, 9V, 12V
Input Interface	USB Type-C
Input Power	5V/2A or 9V/1.67A or 12V/1.5A (MAX)
Output Power	5V/1.5A or 9V/1.12A or 12V/1.25A (MAX)
Working Frequency	≈127KHz
Conversion Efficiency	Wireless Efficiency > 75%
Sensing Distance	8mm
Product dimension	11cm*11cm*15cm
Weight	325g
Line Length	100cm
Materials	Walnut solid wood, full brass base, silicone anti-slip mat

5. Content:

Charging Pad	15W Walnut Casing Wireless Fast Charging Pad
Power Cable	USB Type-C Top-grade Braided Fast Charging Cable
Power Supply Unit	QC3.0 24W Variable Voltage Speedy Adapter
